

PLEDGE

I, the undersigned, support the **YouthForLions** campaign and its aims.
I hereby add my voice to the global call to stop the captive breeding and associated commercialisation and canned hunting of Africa's predators.

Furthermore, I commit to the following:

1. To not knowingly visit or otherwise support any breeder or operator that contributes to the cycle of breeding, unethical exploitation and senseless killing of predators including lions, tigers, leopard and cheetah. This includes all petting and 'walking with lion' facilities.
2. To support the conservation community in their efforts to secure the survival of Africa's predators in the wild.
3. To promote the responsible interaction with, and respect for, Africa's wilderness and wildlife.

I _____ commit to the **YouthForLions** pledge.
